

Biological Assets & Cold-Chain Logistics Protocol

Shipper: BioPharma Global

1. Purpose & Scope

This logistics agreement governs the transportation of cold-chain cargo and establishes compliance requirements, temperature boundaries, and liability guidelines between the Carrier and the Shipper.

2. Cold-Chain SLA & Liability Limits

Liability Limit: 100% full cargo commercial value recovery up to \$1,000,000 USD.

3. Claim Exclusions and Disclaimers

Disclaimer Exclusions: The carrier is fully liable for any temperature excursion above 25°C lasting longer than 15 minutes, or freezing temperatures below 0°C, unless caused by documented port strikes. Frozen temperature failures must be reported within 2 hours of arrival.

4. Deductible Clauses

Deductible Amount: *Deductible: \$10,000 USD per temperature excursion event.*

5. Governing Law and Arbitration

This contract shall be construed in accordance with the Maritime Law and commercial transport codes. All disputes regarding cargo damage, biological spoilage, and operational negligence shall be settled through binding arbitration under the rules of the International Chamber of Commerce.
